An extract from the AEBIOM statistical report

European Wood Pellet Market Overview

European Bioenergy Outlook 2014
# TABLE OF CONTENTS-EUROPEAN WOOD PELLET MARKET OVERVIEW

8.1 Overview of World Pellet sector

8.1.1 World wood Pellet production ................................................................. 7
8.1.2 World wood Pellet consumption ............................................................. 8
8.1.3 World wood Pellet trade ........................................................................ 12

8.2 Situation in Europe

8.2.1 European wood Pellet production ......................................................... 13
8.2.2 European wood Pellets consumption ................................................... 17
8.2.3 European wood Pellets trade ................................................................. 22
8.2.4 European wood Pellet price .................................................................. 27

8.3 ENplus certification statistics

8.3.1 ENPLUS Certification statistics ............................................................. 31

8.4 APPENDIX................................................................................................. 34

APPENDIX 2: LIST OF FIGURES

Figure 8.1: Estimated world wood Pellet production [in millions of tonnes] _____________________________________________________________________ 7
Figure 8.2: World wood Pellet production share in 2013 [in millions of tonnes] __________________________________________________________________ 7
Figure 8.3: Locations of the top 100 largest wood Pellet mills in the world in 2013 [in %] ____________________________ 8
Figure 8.4: World wood Pellet demand in 2013 - power versus heating [in millions of tonnes] ___________________________________________________________________ 9
Figure 8.5: World wood Pellet consumption share in 2013 [in millions of tonnes] ___________________________________________________________________________ 9
Figure 8.6: Top ten wood Pellet consuming countries by end-use in 2013 [in millions of tonnes] ___________________________________________________________________ 10
Figure 8.7: Pellet demand for power production in 2013 [in %] __________________________________________________________________________________________ 10
Figure 8.8: Development of global wood Pellet consumption: 50 million tonnes by 2025? [in millions of tonnes] __________________________________________ 11
Figure 8.9: World wood Pellets trade map in 2013 [in millions of tonnes] _________________________________________________________________________________ 12
Figure 8.10: Main European countries’ wood Pellet production in 2013 compared to 2012 [in thousands of tonnes] ________________________________________________ 15
Figure 8.11: Trend of wood Pellet production 2007-2014 with 2020 projections in 13 representative European countries [in thousands of tonnes] ____________________________________________________________________________ 15
Figure 8.12: European National wood Pellet producers’ main markets by end-use in 2013 [incl. US, UA, RU, CH in 5% base] ________________________________________________________________________________________________ 16
Figure 8.13: European wood Pellet producers’ perception of 2013 major difficulties [in %] ___________________________ 17
Figure 8.14: Main EU-28 wood Pellet consumers for heating in 2013 [in millions of tonnes] _______________________________________________________________ 19
Figure 8.15: Evolution of wood Pellet consumption for residential and commercial heating in the highest consuming countries 2012-2014 [in thousands of tonnes] ________________________________________________________________ 20
Figure 8.16: Evolution of EU wood Pellet consumption for heating [CHP incl. in millions of tonnes] _______________________________________________________________ 20
Figure 8.17: European wood Pellet producers’ perception of growth by 2020 [in %] __________________________________________________________________________ 21
Figure 8.18: EU Pellet demand by country for power production in 2013 [in thousands of tonnes] ________________________________________________________________ 22
Figure 8.19: Top 10 of the EU-28 wood Pellet exporting countries 2009-2013 [in thousands of tonnes] ________________________________________________________________ 22
Figure 8.20: Top 10 of the EU-28 wood Pellet importing countries 2009-2013 [in thousands of tonnes] ________________________________________________________________ 24
Figure 8.21: Estimation of bulk wood Pellet prices between January 2013-August 2014 [with: delivered 6t, distance 100 km, delivery fees incl. in €/t VAT incl.] ________________________________________________________________ 27
Figure 8.22: Variation of bulk wood Pellet prices between January 2013-August 2014 [with: delivered 6t, distance 100 km, delivery fees incl. in €/t VAT incl.] ________________________________________________________________ 27
Figure 8.23: Estimation of bagged wood Pellet prices between January 2013-August 2014 [with: retailer price, 1 pallet in €/t VAT incl.] ________________________________________________________________ 28
Figure 8.24: Variation of bagged wood Pellet prices between January 2013-August 2014 [with: retailer price, 1 pallet in €/t VAT incl.] ________________________________________________________________ 28
Figure 8.25: Most common packaging for wood Pellet sales [incl. US, UA, RU, CH in 20% base] ________________________________________________________________ 30
Figure 8.26: Evolution of ENplus certified wood Pellet production volumes 2013-2014 [in thousands of tonnes] ________________________________________________________________ 31
Figure 8.27: European map of ENplus certified wood Pellet volumes per country 2011-2014 [in thousands of tonnes] ________________________________________________________________ 32
Figure 8.28: North American map of ENplus certified wood Pellet volumes per country 2011-2014 [in thousands of tonnes] ________________________________________________________________ 33

APPENDIX 3: LIST OF TABLES

Table 8.1: European wood Pellet production in 2013 compared to 2012 [in tonnes] ________________________________________________________________ 14
Table 8.2: European wood Pellet consumption for heating 2012-2014 [in tonnes] ________________________________________________________________ 18
Table 8.3: total number of wood Pellet stoves installed by 2020 [in number of appliances] ____________________________ 20
Table 8.4: total number of wood Pellet boilers (< 50 kW) installed by 2020 [in number of appliances] ____________________________ 20
Table 8.5: total number of wood Pellet boilers (> 50 kW) installed by 2020 [in number of appliances] ____________________________ 21
Table 8.6: Top 10 of the EU-28 wood Pellet exporting countries 2009-2013 [in Thousand Tonnes] ________________________________________________________________ 23
Table 8.7: Top 10 of the EU-28 wood Pellet importing countries 2009-2013 [in thousands of tonnes] ____________________________ 25
Table 8.8: VAT rate for wood Pellet goods compared with general VAT rate applied in 2013 [in %] ____________________________ 29
